PARTICULARS OF GUARANTEE

"RADIOSPARES" Service Components are singularly trouble-free, as hundreds of our customers can testify. As however (we are being frank) there is no such thing as a Radio Component that will never let you down (after all, you yourself are continuously reaping the benefit of Component break-downs), we thought it necessary to formulate a clear and straight-cut guarantee, as follows: No goods can be returned for credit, neither will cash be refunded. All faulty goods are returnable and will be exchanged free of charge, excepting components broken down owing to abuse or misuse, neither shall we be liable for consequential damage owing to the break-down of such components.

All goods are as described in price list, and failing any other distinctive classification for quality, the standards accepted by the R.C.M.F. for Radio Components will be applicable.
