Enjoy your digital music

Enjoy high quality audio at home or on the go. With FM digital tuning and a number of options for audio input - including USB Direct, SD cards & MP3 Link, this Philips portable radio is the perfect audio solution, mains or battery powered.

Enjoy your music from multiple sources

- USB Direct and SD card slots for MP3/WMA playback
- FM tuner for radio enjoyment
- MP3 Link for portable music playback
- 5W RMS total output power

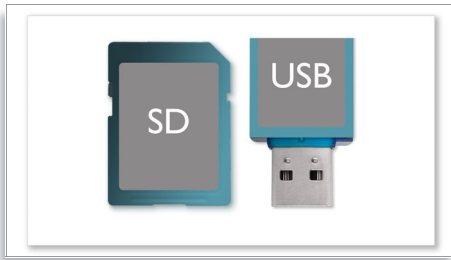

Easy to use

- Digital tuning with preset stations for extra convenience
- Headphone jack for better personal music enjoyment
- Compact size
- Mains or battery operated for flexible placement

PHILIPS
sense and simplicity

Highlights

USB Direct and SD card slots

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct and SD card slots.

MP3 Link

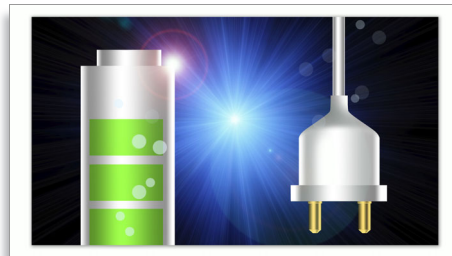

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

Digital tuning with presets

Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

Mains or battery operated

Power your Philips radio set with batteries or a direct mains supply, and enjoy great convenience and flexibility. When a power socket is not available or when you don't want unsightly wires trailing, simply operate the set with batteries. When you need a continuous and stable power supply, connect the set directly to a wall socket. Now you can truly enjoy the freedom of listening wherever you like.
