

# Years Ahead

New Bogen stereo receiver is years ahead in price and in performance

NO ONE BUT BOGEN, builder of over one million high-fidelity and sound-distribution components, could have engineered this new high-fidelity stereo receiver, the SRB 20. A superb all-in-one stereo instrument, it's a highly sensitive FM-AM stereo tuner, it's a versatile stereo audio control center, it's a magnificent 20 watt (10 per channel) stereo amplifier, and it's yours for only \$199.50—a price you'd expect to pay for a comparable tuner alone!

BOGEN'S ENGINEERING STAFF, largest of any sound-equipment maker, designed each circuit stage of the SRB 20 as an individual unit. By concentrating on each stage separately, they can pack more value, more clean performance in less space than is otherwise possible. The separate stages are then carefully, logically arranged in an overall circuit of proven superiority. This new Bogen concept eliminates wiring clutter, prevents hum and distortion, provides savings which are passed on to you.

Bogen's engineering excellence, crystallized during 25 years of building specialized sound systems for schools, theatres, industrial plants and offices, is yours to enjoy in the new SRB 20. Put it in a cabinet or on your bookshelf (it fits easily). Ask your Bogen dealer to show it to you today.

**CONTROLS:** Selector, FM Tuning. AM Tuning. Separate Bass and Treble for each channel (lock for simultaneous control of both). Volume for each channel (correct imbalance, then lock for simultaneous control). Separate On-Off Power. FM On-Off and AFC. AM On-Off. Multiplex.

Send for illustrated booklet, "Understanding High Fidelity." 64-page explanation of hi-fi and stereo. Enclose 25c please.
