

VOLTAGE RATING
THIS RADIO IS DESIGNED FOR USE ON 110-120 VOLTS
50-60 CYCLES ALTERNATING CURRENT—unless the marking
on the white paper license notice which will be found attached either to
bottom or inside the cabinet is marked differently, in which case the
radio must only be used on the type of current shown on this notice.

BE SURE THAT THE CURRENT RATING GIVEN ON THE
LICENSE TAG IS THE SAME AS THE HOUSE CURRENT
SUPPLY.
