

PHILCO MODELS F-1372, F-1372X, F-1374 and F-1402

LEAD DRESS

R4, the surge limiting resistor, should be dressed up in the air and all leads and components kept away. This resistor operates at a high temperature that could damage lead insulation or cause value changes in components in contact with it.

RECORD PLAYER (F-1372 and F-1374 Only)

Tone Arm Assy.	35-2780
Cartridge and needle assy.	325-8012
Knob, cartridge flip-over	54-6333
